

Dear Meredith,

I want to thank you for taking the time and effort to educate me on cost segregation. I was clueless about it...but you took the time to answer all of my questions as well as those from my CPA. After getting your initial estimate that showed us getting over \$100,000 in income tax refund for our Taco Casa restaurants I was stunned. Again, though, my CPA said it was possible so I went with it.

Wow am I glad I did! When you came back to present the final report and showed that we were actually due over \$270,000 for 2013 I was speechless! Your process was so simple. It's really hard to believe that all we had to do was give you our drawings and some invoices and you were able to get us a huge income tax refund.

I have already shared this with many of my friends and am happy to continue doing so. I think everybody should know about this and take advantage of it. Why not?

I am happy to recommend you and SHL to anybody wanting to get a refund of overpaid taxes.

Sincerely,
